

Headteacher: Mr B Berhane MEd

Deputy Headteacher: Mr Walton, BA (Hons)

Keeping our children safe on the internet is important. Over the next couple of weeks in Stafford News you will see some very useful advice about how parents/carers can attain greater control over what children access on the internet. Keep a look out for that.

The School is also taking part in the Safer Internet Day on 10 Feb 2015. This will be a week of PSHE and computing lessons as well as assemblies to further raise children's awareness of e-safety. In addition to this we are developing an 'E-Safety Hub' on our website. It is currently live and will be continually developed. Take a look as it is stocked with useful resources for children, parents/carers and staff.

LEARNING SPOTLIGHT

In RE there have been some, but not many, changes in the **New Curriculum**.

The main religions taught throughout the year are Christianity and Judaism. Alongside this, some year groups will also spend a term looking at different religions.

Through our teaching of RE and collective worship, we aim to:

- Provide an opportunity for children to worship and reflect
- Enable children to consider spiritual and moral issues
- Enable children to explore their own beliefs
- Encourage participation and response
- Develop a sense of community spirit
- Promote a common ethos, with shared values, and to reinforce positive attitudes
- Reinforce our ethos of Achievement for All.
