

Headteacher: Mr B Berhane MEd

Deputy Headteacher: Mr Walton, BA (Hons)

This week I'd like to let you know of updates to the school website. The big item of course is the E-Safety Hub. For more information on the E-Safety Hub, please see the Learning Spotlight section below.

You will also notice that there is a new 'pencil' button on the website, called 'Parents'. Some of the items which seem to have disappeared have now been rearranged under this new pencil; we hope that you will find this useful. If you have any feedback about how we can make the website even more useful, please let us know.

Have a wonderful weekend.

Mr Berhane, Headteacher

LEARNING SPOTLIGHT

Here at Stafford, our pupils' safety is paramount, including keeping safe on the internet and social media. During the week of 9th February, we will be highlighting e-safety and would urge you to think about the sites and services your family uses and to check out which features these sites have that could make your child's internet use safer.

To access the UK Safer Internet Centre through the Stafford website, click on the 'E-Safety Hub' pencil to find information, advice and resources for parents and children alike. During Internet Safety week, do talk about E-safety with your child at home. Talking about it is the best way possible to ensure everyone knows what is expected, and to keep everyone safe.
